★★★★ Retreat #9

By ARLEN H - stayed at Retreat #9 in Jan 2024

This property was definitely as described. We arrived to a clean and warm house. The kitchen was full of all the things to make meals during the stay. Awesome view of the lake from the living room and decks. The hosts were awesome and were ready if we needed them

We woke up during the stay to a visit from the snow which for even better views of the area. All in all this place has everything you would need for your stay and to keep you occupied while there. We will definitely be coming back.

Response from Shasta Lakeshore Retreat:

Thank you so much for your kind words, Arlen. It was a sincere pleasure hosting your family and we would welcome your return visit anytime. We are thrilled you enjoyed our newest Shasta property, and loved the views from our expansive deck. The snow was an unexpected event for sure, but happy it didn't affect your 3 days of fishing. Our iron wood stove no doubt gave you that comfort and warmth needed after your chilly days on Shasta lake. Do stay in touch—maybe a summer visit if that works with your scheduling? @

By a Airbnb guest - stayed at Retreat #2 in Dec 2023

David and Lori's rental was nestled right on the lake shore with a picturesque view. The morning sunrise was a beautiful site each day we were there. The house had everything we needed to to enjoy our stay. The bathrooms and rooms were clean and the house was wonderfully decorated for the holiday season and kept the festive mood going into the new year. We enjoyed cooking in the well stocked kitchen and enjoyed the indoor fireplace/stove with plenty of supplied wood. We also enjoyed the well maintained jacuzzi hot tub. Would definitely consider renting again, especially in the Spring or Summer when you can really enjoy the lake and outdoors even more.

From all these web sites summarized on this page

"AWESOME HOME AND BEST LOCATION!"

"This guest review is an easy one to give. The attention to detail in this home is incredible. The views of the lake from the deck and from within the home are stunning. We spent a lot of time on the deck reading when not out on the lake. The boat ramp to launch your boat could not be any more convenient. Can't wait to get back up there!"

8. Destination Awareness: Unveiling the Hidden Gem of Shasta Lake

At Shasta Lakeshore Retreat, we are passionately committed to unveiling the unparalleled beauty and experiences that the Shasta Lake area has to offer. Our mission extends beyond providing exceptional accommodations: it is about transforming perceptions and fostering awareness about this hidden gem.

In particular, we've observed a common sentiment among residents of the San Francisco Bay Area, where the spotlight often shines on Tahoe while Shasta Lake remains undiscovered. Many Bay Area residents either lack awareness of this breathtaking destination or perceive it as too distant. Contrary to this misconception Shasta Lake is not only accessible but boasts a more convenient drive than the

Importantly, the journey to Shasta Lake is not just about accessibility; it's also about affordability. The costs associated with travel and stay in Shasta are significantly more budget-friendly than those associated with Table. Our goal is to convey that a spectacular, nature-filled getaway need not some with an extravagant price tag.

The reality is that Shasta Lake is a mere 3-4 hour rive num various locations in the Bay Area, making it an easily reachable and affordable escape. We believe this narrative extends beyond the Bay Area to Southern California and neighboring states like Oregon Nevada and Arizona Our aim is to bridge this awareness gan emphasizing the cost-effective allure of Shasta Lake as a viable and inviting

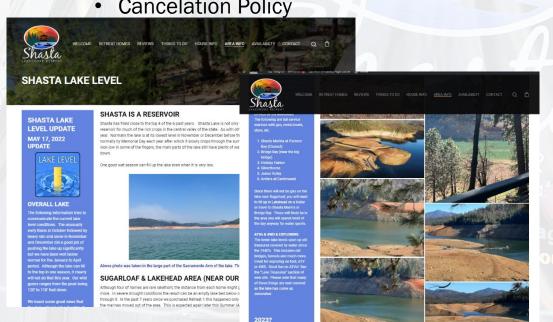

We actively seek opportunities to collaborate with like-minded organizations and
